Army expects healthy turnout in two recruitment rallies

The preceding two years have been witnessing record number of registrations in Gujarat from aspirants for the recruitment rallies held by the Indian Army and hence expectations of a healthy turnout for the upcoming ones remain.

A recruitment rally for youngsters belonging to Saurashtra, Kutch and Diu will be held at Saurashtra University Grounds in Rajkot from 26 April to 05 May. Online registrations for this recruitment rally that started on 25 February shall continue until 10 April. The second recruitment rally covering 21 districts of north, central and south Gujarat plus Daman, Dadra & Nagar Haveli will be held from 20 May to 29 May at SRP Ground in Godhra. Online registrations for this recruitment rally shall open from 21 March to 04 May. Candidates desirous of participating in the rallies need to login at www.joinindianarmy.nic.in for online registrations.

The army authorities have meticulously planned the dates this year to obviate the risk of weather playing a spoilsport at the recruitment rallies. The actual footfalls were affected adversely due to incessant rains in 2017 despite a record number of registrations, sources said.
